

**To:** Transfusion Services Managers  
**From:** Hospital Relations Department  
**Date:** January 24, 2018  
**Re:** Investigational Reporting Form for TRALI

**Effective January 31, 2018**, the reporting form for investigation of Transfusion Related Acute Lung Injury has been updated with an email address and highlighted areas for ease of use.

In your Customer Service Manual, Section 4.0 Transfusion Complications, please remove the form located at the back of section and replace with the attached new form.

DNF106.30A, Report of Transfusion-Related Acute Lung Injury Investigation
