Re: Irradiator Maintenance – **February 22, 2018**

On Thursday, February 22, 2018, from 8:00am to 2:00pm, the irradiator at our North Texas location will be unavailable due to preventative maintenance. Please plan accordingly and submit scheduled orders prior to 7:30am on February 22, 2018.

In preparation for the downtime, a supply of irradiated components will be available on hand. Please note that once the irradiated stock is depleted, orders will be filled following completion of the maintenance process.
