Re: East Texas Reference & Transfusion Services Hours

Currently our East Texas Reference & Transfusion Services maintain an on-call schedule for after-hours Monday through Sunday. **Effective February 23, 2018**, we will no longer provide Reference and Transfusion on-call services at our East Texas location.

The East Texas Reference & Transfusion operating hours will be Monday through Friday 7 a.m. to 10 p.m. and Saturday and Sunday, 7 a.m. to 7 p.m. Any Reference and Transfusion services outside of these operating hours will be provided from our Bedford location, **2205 Hwy 121, Bedford, 76021**.

If you elect to use our contracted courier service for sample pick up, please call our Bedford Reference & Transfusion department at **817-412-5740** for arrangements. Samples for testing will be retrieved from your facility and sent directly to Bedford. Current sample pick up fees for 2018 will apply.

Orders for Reference & Transfusion services, outside of operating hours in East Texas, should be faxed to **817-412-5749** in Bedford.
