Re: Update – RBC Inventory

Overview:

The red blood cell inventory continues to slowly improve. Community response to the urgent need for blood was strong allowing for restoration of blood inventories and prevention of disruptions in patient care. We thank you for your commitment and your part in actively managing inventory to assure patient needs were met.

Impact to Clients:

- Anticipate red blood stock levels to improve over the next week.
- Order red blood cell stock judiciously.

Client Action Required:

- Notify appropriate staff and medical director as applicable.
