

**To:** Carter BloodCare Customers  
**From:** Hospital Relations Department  
**Date:** March 9, 2020  
**Re:** Thermometer Standardization and Digital Timer QC

### **Background**

In 2017, Carter BloodCare announced the following preventative maintenance services:

- Digital timer quality control
- Thermometer standardization services

Carter BloodCare has received minimal orders to perform these services since implementing and subsequently will be phasing out from the testing menu.

### **Impact to Clients**

- Services will be discontinued effective March 31, 2020.
