

**To:** Transfusion Services Managers  
**From:** Hospital Relations  
**Date:** June 12, 2020  
**Re:** Reference and Transfusion Laboratory Renovation

### **Background**

The Immunohematology Reference Laboratory and Transfusion Services department is currently undergoing construction and renovation. While there has been no impact to the clients during the first phase of the project, in the upcoming weeks, the department will be moving into the newly constructed area to allow for renovation of the space currently being utilized.

### **Impact to Client**

- From Monday June 29<sup>th</sup> through Wednesday July 1<sup>st</sup>, turnaround times could be extended as the department moves from the current area into the newly constructed space.
- Clients sending molecular patient testing will also see an extended turnaround time beginning the week of June 29<sup>th</sup> for the following 4 to 6 weeks as patient testing will be slightly decreased to once a week.
