Re: Network Maintenance August 17

Our network service provider will be performing maintenance between **the hours of 12:00 a.m. and 6:00 a.m. on Wednesday August 17, 2022** which will result in a loss of service for the Carter BloodCare Central Texas location. The maintenance is expected to last up to 3 hours during this time. Customers will need to call and fax directly to the North Texas Bedford location during this time as the phone lines into Central Texas distribution will be non-functional.
