**Re:** Transfusion Reaction Investigation Form Update

### **RTF215.01A Transfusion Reaction Investigation Form**

An updated version of the Transfusion Reaction Investigation is effective today, August 15, 2022. Changes include the addition of “O2 Saturation” and “Chest X-Ray Findings (if performed.)”

As a reminder, the Service Manual is accessible to you and your staff through the Specialty Services website. To access the Service Manual, please navigate to [www.cbcspecialtyservices.org](http://www.cbcspecialtyservices.org) and click on the “Service Manuals and Forms” icon at the top right corner. Under “Service Manuals” click on “Carter BloodCare Service Manual.” Section 4.0 Forms Reporting Suspected Transfusion Complications has been updated to include the current version of the Transfusion Reaction Investigation Form.

### **Questions and Additional Information**

Please contact Hospital Relations at [hospitalrelations@carterbloodcare.org](mailto:hospitalrelations@carterbloodcare.org) with any questions or concerns.
