Re: **Irradiator Downtime – February 14, 2017**

On Tuesday, February 14, 2017, from 8:00am to 2:00pm, the irradiator at the Bedford location will be unavailable due to preventative maintenance. In preparation for the downtime, a supply of irradiated components will be available on hand. Additionally, specialty products, i.e. antigen negative, pediatric units, which may require irradiation, can be made available from our Dallas location. Please plan accordingly.

Please feel free to contact us if you have any questions or concerns.
